Cephas Community Care

Opportunities
for Adults with Special Needs

Looking for a career?

COME AND JOIN OUR TEAM

Supporting People in Suffolk and Domiciliary Care

These projects support people to lead fulfilled lives in their own home.

Giving support from a few hours a week up to 24 hours a day, 7 days a week.

This enables people to do things which they can't do by themselves.

Residential Homes

Trimley St. Mary A cosy, small home for 4

A quiet, reflective group with a modern, forward planning approach to life. The sky is the limit, you can try anything and will probably succeed !

Claydon Individual care for people 18 + . A busy and very active household; full of life and fun.

Also, sited here is a heated indoor swimming pool; a separate building for day activities e.g. craft, art and computer studies. A fully equipped 'sensory and relaxation room', with music and visual aids.

Great Blakenham An impressive old house for 8 people aged 50+

The gentle atmosphere reflects the needs of the people living here, but don't be deceived! Everyone takes an active role in the house and local community.

Behavioural Disorders

We have worked very successfully with those who challenge their environment or carers.

Cephas Community Care opened in 1994 to support Adults with Learning Disabilities and, in some cases severely challenging behaviours.

Our model of care has had excellent results.

As people grow in self esteem and self management; they can choose to move on to their own homes, if they want to.

The constant aim is towards independence, freedom and self fulfilment

I have worked for this company for 2 years. I had no experience when I started but soon learnt how to do the job.

I like working here because it's a friendly supportive team. The training is excellent. I was very pleased to be promoted. I especially enjoy being a mentor for new staff and getting out and about. I feel valued and, also, that I am doing something worthwhile with my life.

I like the family atmosphere in the Home and being part of the team. I find the training interesting. If you need help with anything you know the Company is always there for you.

I wouldn't work anywhere else.

I like working for this Company because the staff team are friendly and you get good support from staff and management.

Training is good and 90% of the time it is great fun working here!

I have had opportunities to do things I never dreamt I would get the chance to do.

Cephas Community Care is a relaxed family centred company which recognises that people need flexibility, if they have a family. I started as a part time worker when my boys were younger. Over the last three years I have been promoted to a senior Support Worker and now I am the Personnel Manager. The company recognizes all of their employees as individuals and merits them on their individual strengths.

We were delighted to receive:-

**The Investor in People Award in 2001
Positive About Disability Award in 2002**

and

**Promoting Essential Skills in the Work-place
IIP Award in 2003**
